## IN HARRISBURG - - -

. . . this year we expect to see one of the greatest arrays of meat animals ever exhibited under one roof in the eastern United States.

All stockmen in the United States and Canada are invited to show in Harrisburg November 6 through 10 at the fifth annual Pennsylvania Livestock Exposition. Housed in the mammoth Farm Show Building, the preceding shows have drawn breeders and commercial stockmen from practically every state east of the Rockies. Competition has been keen; the quality of animals shown outstanding.

Sponsored by the Pennsylvania State Farm Products Show Commission, the Pennsylvania Livestock Exposition is designed to advance the livestock industry, encourage conservation through grassland farming and emphasize the meat-type animal. Assisting in the production of the show this year are the Pennsylvania State University College of Agriculture and Agricultural Extension Service, the Pennsylvania Department of Agriculture, and the Pennsylvania Livestock and Allied Industries Assn., Inc.

The Pennsylvania Livestock Exposition offers an outstanding opportunity for the exhibition and sale of high quality beef cattle, swine and sheep in the heart of the greatest meat consuming area of the United States. The Farm Show Buildings offer exceptional facilities to the breeder, feeder, showman, processor and consumer for education in the fields of animal nutrition, breeding and utilization.

With the educational opportunities of a great international livestock exposition in mind, the management of the show continues to stress carcass competition. This year the show has been expanded to include feeder steer competition--further recognition of the importance of the commercial cattleman.

The sheep show has grown to be one of the finest in the Nation and the largest east of the Appalachians.

This year the feature of the sheep department will be the eastern regional show of the American Hampshire Sheep Assn.

The Commonwealth of Pennsylvania has appropriated \$55,000 toward a total of \$78,786.67 in cash awards to be offered.

Facilities of the Farm Show Buildings have won wide acclaim. There are 14 acres of display, barn, ring and office space under one roof. There is room to house and show more than 3,000 head of livestock. Three judging arenas may be used simultaneously, the largest seating nearly 7,700 people. A railroad siding and 40 acres of free parking space adjoin the building.

Transportation to Harrisburg is excellent. A network of modern highways, air and train services converge on the Capitol City of Pennsylvania. Two exits of the famed Pennsylvania Turnpike service the city. Housing facilities are bountiful.

Be sure to put the Pennsylvania Livestock Exposition on your show schedule.
